Re: Kalde & Associates

Eric Kalde has provided advice and representation for my company in a couple of commercial matters and both times gained very good results for me.

One was a litigation matter in which Eric negotiated an early settlement on favourable terms to us. Not only did he wrap things up quickly, he also saved us thousands of dollars.

The most recent was a debt recovery matter in which we had been chasing money from a former client ourselves for months. After Eric became involved he recovered the full amount owed to us within two weeks.

Eric's advice is always good, well thought out and honest. I would recommend Eric as a good value commercial lawyer who produces outstanding results.

Please don't hesitate to call on the above number.

Kind Regards,
